WILDERNESS EDUCATION & GAMES AT THE RIVER THE ZULUS CALL THE WILD ONE!

RIVERMAN has a base in the heart of Zululand next to the mighty Tugela River and we'll book your school or student group on an educational adventure. We offer a combination of rafting, guided wilderness hikes, abseiling, teambuilding games and camping/survival challenges. Take your pick and we'll suit your pocket.

Deep in the Kingdom of the Zulus you will discover our stone & canvas bush camp, a stone's throw from the historic Tugela River. Established in 1983, the camp has been lovingly created from the natural materials that occur in the area. From simple beginnings, it has evolved slowly over the years and has stretched the concept of outdoor living to its limits! To get there, we drive you in on a thrilling 4X4 route, spotting African game which may include giraffe, various antelope, zebra and cheeky warthogs! We have all necessary accommodation for small groups and large.

VARIOUS RAFTING TRIP ROUTES

- EASY – “Smell the Roses”. A lazy doddle downriver to the lodge. 1 hour.
- MODERATE – Zingela to Causeway including the famous rapids, Finger Rock, Ledges and Keisha. 6 hours.
- HARD CORE – not offered as route, but discuss with us the possibility of doing a Tugela Canyon trail from Colenso to Zingela and on to Causeway. 2-3 days.
- OTHER – inquire about specials.

HIKING ON WILDERNESS TRAILS

Our skilled and experienced guides will take you hiking in the remote bushland heart of Zululand. We follow trails beside the, Tugela a great brown African river, and hike up the steep valleys into surrounding mountains. The area, near Weenen, is largely game reserve country. It has a long historical tradition as the border between Natal and Zululand. Today it lies at the centre of the province of KwaZulu/Natal and is a Mecca for outdoor adventure & nature enthusiasts.
